

ABOUT US

- We are a group of companies located in Kenya, Uganda & Tanzania, and operating in nearly 10-12 countries.
- We work with you in 3 key areas (1) We offer various utility chemicals that optimize productivity and extend useful life of your capital equipment. (2) We offer various process chemicals to maximize quality of your finished goods at rational costs and (3) We help you to minimize quantity of the wastewater and improve quality. We also provide solutions for water recycle. Similarly,
- We offer solutions to monitor & improve quality of exhaust gases from your factory or an enterprise.
- We are a team of technocrats with vast and rich experience in these chemicals.
- We stock most of the critical and regular chemicals at warehouses located in these 3 countries, to ensure continuous operation and minimum down time.

UTILITY CHEMICALS

Potable Water Treatment Chemicals

- Coagulants,
- Flocculants,
- Disinfectant

Reverse Osmosis Treatment Chemicals

- Chlorine Scavengers,
- Antiscalants,
- Silica Antiscalants
- CIP chemicals.

Boiler Water Treatment Chemicals

- Oxygen Scavengers,
- Alkalinity Boosters,
- Scale Inhibitors,
- Condensate Corrosion Inhibitors,
- Descaling chemicals

Solar Panels Cleaning Chemicals

- Solar Panel Cleaning Chemicals for different types of deposits, based on location & type of industry

Furnace Oil, Thermic Fluid Treatment Chemicals

- Furnace oil conditioners
- Coal additives
- Bagasse additives
- Thermic fluid TAN improver
- Thermic fluid cleaning chemicals

Cooling Water Treatment Chemicals

- Corrosion & Scale Inhibitors,
- Biocides,
- Descaling chemicals.

Chiller Treatment Chemicals

- Close Loop Corrosion Inhibitor
- Antifreeze chemicals
- Close Loop Biocides
- Descaling chemicals

Effluent Treatment Chemicals

- Enzyme Cultures
- Odour removal chemicals
- Coagulants
- Flocculants

PROCESS CHEMICALS

INDUSTRY	PRODUCTS
Agriculture, Floriculture, Horticulture	Growth booster, Micronutrients
Cosmetics	Fragrances, Surfactants, Colours
Edible Oil	Bleaching earth, filter media, degumming
Food & Beverages	Flavours, Seasonings, Additives
Leather	Beam house, Syntans, Finishing chemicals
Paint	In Can and film preservatives, fillers
Paper	Retention and Drainage Aid, DSR, WSR,
Pharma	Excipients, APIs
Plastic	Masterbatches
Sugar & Distilleries	Mill Sanitation biocides, Flocculants, Viscosity Reducers, Colour precipitants
Tea	Machine cleaning chemicals

WASTEWATER TREATMENT & RECYCLE, & FLUE GAS MONITORING & TREATMENT

- Lab Reagents, Glassware, Instruments
- Colour removal Chemicals
- Heavy Metal removal
- Wastewater Recycle

- Flue Gas quality improvement solutions
